ESTABLISHED PROPAGATIONS

Established propagations, from proven bloomers, provide a thrifty way to improve the quality of any collection. Given two to three years of good culture they will be blooming size plants of exhibition quality, worth several times their cost. Number and size of bulbs and the quality of the flowers, determine the price. Where two propagations of the same size are listed, at different prices, the higher priced piece will definitely produce higher quality flowers. Mainly we have but one piece of each item listed and suggest you indicate a second choice when ordering.

We grow our Cattleyas in the best Osmunda Fiber we can buy.
When shipping plants by Railway Express we usually ship them in pots.
When plants are to be shipped by Air Express or Air Parcel Post, we
will, if so requested, transfer the plants from the heavy clay pots
to Plastic pots, thus providing protection to the root system of the
plants and at the same time reducing shipping charges very materially.

CONDITIONS OF SALE

Prices quoted are F. O. B. Seattle, Wash., and all items are offered subject to prior sale.

All plants shipped in pots, by Railway Express, unless otherwise directed.

No charge for packing. All plants are carefully packed and our responsibility ceases when shipment is accepted by the Carrier. Any claim for damage should be filed immediately with the Carrier.

This list cancels all previous Offerings.

Washington customers please add 4% State Sales Tax.
